PROFESSIONAL SUMMARY

Executive Assistant with 6+ years in the IT industry, working directly for a Chairman and board. I handle the calendar, travel, documents and budgets, and I also build the Google Sheets and Apps Script tools that make that work faster. My automations cut manual data entry by 40%, and a receipt and inventory system I built removed almost half of our manual order work. Started as an Admin Encoder in 2019 and became Executive Assistant to the Chairman by 2021. Looking for part-time, remote work.

CORE SKILLS & TECHNOLOGIES

- **Automation:** Google Apps Script, Google Sheets (QUERY, FILTER, ARRAYFORMULA), Excel
- **Reporting:** financial and HR reports, dashboards, commission and remittance computation
- **Web and apps:** Firebase, Supabase, Cloudflare Workers, Laravel, React, Python, REST APIs
- **Domains and hosting:** DNS setup and renewals on GoDaddy, Namecheap, SiteGround and .ph
- **Executive support:** calendar and travel management, visa processing, document control, board and client coordination

PROFESSIONAL EXPERIENCE

One Dynasty IT Solution FZC LLC

March 2025 – Present

Executive Assistant to the Chairman of the Board

- Built Apps Script tools that cut manual data entry by 40% across departments.
- Keep and organize the Chairman's confidential files: board meeting records, executive emails and company documents.
- Prepare budget sheets, process invoices, and track event and travel spending against the approved limits.
- Plan company events from schedule to budget reconciliation, and follow up on tasks assigned to other departments.
- Act as the main contact between the Chairman, the Board, clients and outside partners.

Tradeblvd Co.

June 2021 – March 2025

Executive Assistant to the Chairman of the Board (promoted from IT Admin)

- Managed the CEO/Chairman's calendar, international trips and visa applications.
- Prepared confidential financial reports and handled light bookkeeping.
- Relayed priorities between leadership, marketing and sales, and followed up on open issues until they were closed.

Tradeblvd Co.

June 2020 – June 2021

IT Admin (promoted from Admin Encoder)

- Built tracking sheets and small databases in Google Sheets and Excel to replace manual reports.
- Bought and renewed company domains on GoDaddy and set them up with third-party providers.
- Set up live chat, SMS OTP and payment gateways on the company platforms.
- Proposed a clearer way to split tasks within the team, which removed recurring bottlenecks.

Tradeblvd Co.

June 2019 – June 2020

Admin Encoder

- Computed agent commissions, daily shipping fees and remittances, and prepared weekly, monthly and yearly reports.
- Tracked stock in and out, handled Return to Sender (RTS) parcels, and matched our records against LBC, J&T and GoGoXpress.

DOS-1

April 2019 – May 2019

Technical Support Representative

- Fixed hardware and system problems for customers over the phone.

Encoder (OJT)

- Encoded land title, mortgagor and borrower records into the main database.
-

KEY PROJECTS

- **Parcel receipt generator and inventory tracker** (Google Sheets). Each order prints a receipt with a barcode that riders scan on delivery or RTS, and stock per courier updates on its own with low-stock warnings. Removed almost 50% of our manual order work.
- **Brand P&L dashboard** (Apps Script). Net income for every brand in one place, with filters and charts.
- **Domain block tracker** (Cloudflare Workers, D1). Holds 24,000+ domain checks across PLDT, Globe, Converge and DITO, plus team attendance and KPIs.
- **Domain expiry bot** (Python, Telegram). Warns us 15 days before a domain expires and changes nameservers in bulk across seven GoDaddy accounts.
- **SMS broadcast platform** (Laravel). Campaigns per branch, delivery results per telco, and SMS credit invoices.
- **Other apps** (Firebase, React, Supabase): an auto repair shop system, travel agency billing, and a restaurant ordering admin.
